MACHINE SHOP EQUIP.

SMALL TOOL REPAIR

Brothers and Sisters:

After having a conversation with the Dispatcher it has come to my attention that we are in need of workers to fill calls that are outstanding. The amount of work that is coming into the union hall is surpassing the amount of members that are bidding the work and dispatches are being turned back to the client because we cannot fill them.

With the nonunion barking at our heels in the maintenance sector this could have detrimental effect on the amount work we have in the future.

We need to fill these calls

As of October 1, 2019 there is as follows on the list:

104 Journeyman (Millwrights, Machinists, Welders)

35 Apprentices (Millwrights, Machinists, Welders)

In the next couple of weeks calls that need to be filled are as follows:

15 JM/APP	for Worley	Dayshift and Night shift	Suncor Extraction	October 4 th Start
4 JM/APP	for Clearwater		Syncrude Base Plant	October 7 th Start
26 MW	for Clearwater	Dayshift and Nightshift	Aurora	October 13 Start
26 MW/APP	for KBIM	Days and Nights	Battle river / Forestberg	October 15 th Start

These are the pressing jobs and there are still more jobs coming on the horizon. We need all able and active members to check the electronic dispatch tonight and bid on these jobs or we are going to potential lose more market shares.

The union hall is actively seeking potential and new members but we need our existing member to step up.

Fraternally yours

David Robinson
